## ABOUT THE UNIVERSITY

B.S. Abdur Rahman University (Formerly B.S.A.Crescent Engineering College) was established u/s 3 of the UGC Act of 1956 in December 2008. B.S.A.Crescent Engineering College was commended across the world as one of the premier Engineering institution in India for the past 26 years. The University is acclaimed throughout India for its quality teaching and innovative research. Equipped with the latest facilities and excellent infrastructure, the University offers 8 UG courses, 8 PG courses and Doctoral Programmes in various branches of Engineering, Science and Technology and all the courses are accredited by the National Board of Accreditation, NBA. The institution has been ISO 9001:2000 certified for its quality education. The University is situated in the outskirts of Chennai city on the GST Road (NH45) 7 km from Tambaram Railway Station and 17 km from Chennai Air Terminal. Being adjacent to the Arignar Anna Zoological Park, it is easily accessible by city buses.

## ABOUT THE DEPARTMENT

The Department of Information Technology is accredited and also ISO certified. The Under Graduate (UG) program of Information Technology was started in the year 1999 and Post Graduate (PG) program of Information Technology is to be started in June 2010. It has highly qualified, experienced and dedicated faculty members specialized in Ad-hoc Networks, Grid Computing, Data Mining and Software Engineering. The faculty members contribute their very best to the academic environment by publishing research papers in National and International journals. The department imparts comprehensive knowledge coupled with practical exposure, which is essential for software design, development and testing in the IT industry for the students. In-house seminars, workshops, industrial visits and a National symposium 'ICON' are conducted periodically by the department's professional society, "Society of Information Technologists (SIT)" to expose the latest trends to the students.

## CONFERENCE THEME

The main objective of the conference is to provide a platform for Industrialists, Students, Academicians, Research Scholars of various institutions and research organizations to exchange their innovative ideas and research work relating to the recent developments and trends in Information Technology.
