

RING`11
3rd National Conference on
“Recent Issues in Network Galaxy 2011”
24th & 25th November 2011 at Chennai

Organised by
Department of Computer Science & Engineering
RMD Engineering College

In association with
Div IV on Communications, Computer Society of India
IEEE Computer Society, Madras Chapter
CSI Chennai Chapter
ISTE Local Chapter

ABOUT THE CONFERENCE: The objective of the conference is to provide a platform and an opportunity to come out with innovative ideas based on their interdisciplinary explorative work / research on networks. It will provide a forum for researchers and practitioners to present their contributions results related to network programming. In addition to presenting paper this conference will include keynote addresses by leading researchers from academic institutions and industry. The two day national level conference aims at developing a Strong research group to interact with each other. Creating an opportunity for a Continual Improvement in Network Related topics through Faculty Development training Programme. Enabling their research output as Product to serve the society in this part of the country and Establishing Center of Excellence on Network

CALL FOR PAPERS: Closed

Researches, academicians and post graduate students are invited to present their research papers. Only original submissions will be accepted and must not be under review or published in another conference. The topics include but not limited to

| | | |
|---------------------------------------|--|----------------------------------|
| Peer – Peer Computing | Sensor Networks | Grid Computing |
| Wireless Computing | Routing Protocol | Ubiquitous Computing |
| Network Storage | Nano Technology | Hybrid Networks |
| Network and Interconnect Architecture | TCP Over Wireless | Error Control Loading & ARQ |
| Network Algorithms | Network Coding | Intrusion Detection & Prevention |
| Optical Networks | Sensor and Adhoc Wireless Network | Information Assurance |
| Internet Computing | Network Security & Protocol | Spyware Analysis & Detection |
| Wireless Security | Hybrid Wireless Optical Metro/Access Network | Cluster & Grid Computing |

- For acceptance of paper, one of the authors must register.
- Best paper Award is proposed for each session.
- Selected Papers will be published in a leading National Journal.

IMPORTANT DATES
