About the presentation: While are aware of the Google Apps existence for quite some, we are using it selectively, to the extent what we know about the Apps and its tools. This presentation will cover the following:

- Introduction to Google Apps - What are Google Apps and what are all the tools that are available as part of the offering.
- GMail is used by almost everyone, but there is more to GApps than just mail. How these tools can be used by non-programmers / lay people who are not too tech savvy.
- How to use Google Apps & Tools in a collaborative work environment and improve productivity.
- Demo of all tools in Google Apps

About the Speaker: Mr. Dwarakanath Cheyyur has more than 15 years of IT experience. Started his career as a Java Certified Professional before moving on to managing teams. His core experience is in Quality Management, Project Management, Service Delivery, Pre-Sales, Training & Implementation. He has experience in setting up a service delivery centre from scratch.
