in cordially inviting you to a Leadership Session

on

Grow from a Functional Leader to a Business Leader

by

Mr. V. Ramanathan
Management Consultant

on Wednesday, 23rd March 2016 from 5 p.m. to 7.00 p.m.

at Seminar Hall Computer Society of India

CIT Campus, 4th Cross Road, Taramani, Chennai - 600 113

(Situated in the opposite lane to Indira Nagar MRTS Railway Station, about 100 meters away from Dr Dharmambal Government Women's Polytechnic (WPT) & Opposite to Film Institute & Institute of Hotel Management and Catering Technology)

About the topic: Many functional leaders like senior project managers or delivery managers stagnate in career after 7-10 years of experience as they are found inadequate for next upward movement. There are several competencies they need to develop in the pursuit of their career growth. We will try to explore these areas - what they are, how they can work on them to become a successful business leader".

About the Speaker: Mr. Ramanathan has 33 years of experience in managing small and medium enterprises and has been involved in companies that develop software solutions across a broad range of technologies. He is a Bachelor of Engineering (Honors) in Production and an Madras University 1st Rank holder, and a Post Graduate in Business Administration from Indian Institute of Management, Ahmedabad (IIMA).

Post his retirement from fulltime corporate career in several large IT organizations and Product companies, for last 7 years divides his time between management consulting, teaching at premier MBA schools and Coaching / mentoring middle level managers at growing mid-tier companies. He has supported few upcoming small and medium sized companies in terms of business strategy or growth strategy or sales/marketing strategy or operations improvement strategy. He teaches at IIM elective courses for PGP programs like "IT as competitive strategy", "Enterprise applications", "Enterprise systems and IT Strategy", "Software Account Management" etc.
