

IEEE CS & CSI join SPIN Chennai
in cordially inviting you for a presentation on

CMMI - Future Direction, Relevance in Modern Day Products & Services

By

Kirk Botula

CEO, CMMI Institute (USA)

On Friday, 22nd Apr 2016 from 7.00 p.m. to 8.00 p.m.
(6 pm to 7 pm -- Tea & Networking)

At

Auditorium (a.k.a Room: 101)
Department of Management Studies
Indian Institute of Technology < Madras
(Landmark: Next to Gajendra Circle)

About the Speaker: **Kirk Botula** is the CEO of the CMMI® Institute, the home of the globally-adopted capability improvement framework that guides organizations in high-performance operations. Botula is a global growth company executive whose career has been focused on advancing the common good through the commercialization of technology. Prior to CMMI Institute, Botula served as President of Confluence, a global financial technology firm with operations in North America, EMEA and Asia. During his tenure, Confluence became the leading provider in its space achieving market share exceeding 70% in North America and 20% globally, while delivering the industry leading NPS of 40. Botula also served at BNY Mellon, Compunetix, and as a strategist to a variety of non-profit and for-profit organizations. He has a BFA and MSIA from Carnegie Mellon University and lives in Pittsburgh with his wife and three daughters
